4.2.4 Number per day usage of library by teachers and students

During the academic year June 2021 to February 2022, the college was running in Online mode due to the pandemic. All the library resources, e books, journals etc. were available to the students in online mode through the DU portal. The classes were held in online mode through Google Meet using the dedicated College domain ID. The class notes, assignments, video recording, book pdfs, reading material etc. were uploaded through Google classroom.

After reopening of the campus in offline mode from February 2022 onwards, there was a gradual shift from the online mode. Examinations were scheduled soon after reopening, and hence there was low student footfall visiting the library. The data of students using e-access and online resources in the library is attached.

Prof. (Dr.) Payal Mago
(Principal)
