

## Department of Statistics: 2017-2018

Sno	Name of the activity	Page No
1	Inauguration event of Departmental Society 'Parastika'	1
2	Department's Technical Fest- TRAP'17	1

- 1) In the first year, 2017, of its establishment department organised an inaugural programme of departmental society 'Parastika'. **Dr. Sudhir Kapoor**, Associate Professor of Department of Statistics in Hindu College was invited for the inauguration of our society and gave lecture on the topic entitled as '*Statistical Methods and its Implications*'. This event was held on 26 September, 2017. Approximate **100 students** were presented in this event.
- 2) The department's technical fest was organised in collaboration with Departments of Mathematics, Physics and Chemistry that provided a platform to students to enhance their managerial skills. This collaboration was named "**TRAP'17**". This was held on 27 October, 2017. The event was inaugurated by **Professor S. K. Palhan** [Founder Director of Great Lakes Institute of Management, Gurgaon; Founder Director of Sri Sringeri Sharda Institute of Management; Former advisor in the Ministry of Industries, Government of India and an advisor to CENJOWS (Centre for Joint Warfare Studies in the Ministry of Defence)] by delivering a insightful and interactive talk on "**Self Effectiveness**". Prof. Palhan made students to realize how mind wanders the globe and how this makes our actions ineffective. He demonstrated a few Meditation Practices which help in controlling mind and leads to a more attentive state of mind. Three fun events were organised by the department namely — **Mogambola, Twister and Mukkadar ka Sikkandar**. Around **250+ students** enjoyed this event.
