TEACHERS' DAY 2022

The student of Electronics Department celebrated Teachers' Day on September 05, 2022 with fervour and zeal. The event was organised to acknowledge the dedication and hard work of the teachers.

There was an atmosphere of joy and enthusiasm among the students with teachers on the occasion. Students' expressed gratitude, respect and honour to their teachers on that day. They presented various short notes and expressed their feelings based on the role of teachers in shaping their lives. All the teachers encouraged the students to become a responsible and successful citizen by adding value to the society.

CORE AND ADVANCE PYTHON - Workshop

Five Days workshop on **"**Core and Advance Python**"** was organized from September 26 – 30, 2022 by Vidyut the student society of Electronics Department. This workshop was about from basics to advance python along with project completion. The trainers from CETPA were Mr. Ankit Raj and Mr. Vikas Tyagi who taught the students with full enthusiasm. Students from other departments also participated in the workshop. In this hands-on course, students gained experience on Python programming and its features. Students learnt basics and advance python and completed several projects.

ORIENTATION DAY

The student society of Electronics Department organized one day orientation program on November 11, 2022 for new students joining the college. The objective of the orientation program was to help the freshers to become familiar with the academic expectations and culture of the department, help them in understanding various societies and procedures about the department. Freshers are also introduced to the faculty, staff and student society of the department during meet and greet sessions.

ELECTROMANIA’23

The student society “VIDYUT” of the Electronics Department organised their annual technical fest Electromania'23 held on January 16, 2023. The fest received an overwhelming response in all its events and was a magnificent success. The motive of this event was to develop various skills of students in Co-Curricular activities and to expose them to the current trends in the technical and professional fields. More than 40 colleges participated in the fest full of enthusiasm. The fest includes various technical events like –

- CIRCUIT HUNT – Password and Riddle based circuit designing
- QUIZ-O-MANIA – Quiz competition
- HACKATHON – Coding Event
- MINUTE-TO-WIN- IT – A LAN Gaming Event

INTERNET OF THINGS – Seminar

VIDYUT, the student society of Electronics Department organized a seminar on "INTERNET OF THINGS" by CETPA held on April 07, 2022. Mr. Kartik Gupta was the speaker for the seminar. There were more than 90 students who attended the seminar.

The speaker focused on the introduction, architecture and applications of the Internet of Things. The students also experienced the knowledge about IOT and what is the future and career related to IOT by asking the various questions. The session was very interactive and ended with vote of thanks to the speaker.

AU REVOIR'22 – Farewell

Au Revoir'22, was organised by the students of I and II year on April 26, 2022 to bid farewell to the outgoing batch of the year 2022. The day was a fiesta devoted to the years spent together with friends and teachers to reminisce joyous moments. All the seniors and juniors had filled the room with colourful attires which added beauty to the event. Various performances exhibited the hidden talent of the students. Many interesting titles and tricky games pepped up the environment. It was a day the students will cherish in their lives. Teachers addressed the gathering and wished the students good luck for their future. The day ended by capturing memories with photo sessions.
