REPORT ON MS WORD WORKSHOP

The Internal Quality Assurance Cell (IQAC) of Shaheed Rajguru College of Applied Sciences for Women, in collaboration with the Department of Computer Science, has organized a skill enhancement workshop for para-teaching staff of the college. The MS Word workshop was conducted on 8 February 2025 in Lab 1 of the Department of Computer Science to enhance participants' proficiency in using Microsoft Word for professional and academic purposes. The workshop was attended by 30 participants from different departments.

Key learnings & outcomes of the workshop were:

- Participants were familiarized with MS Word's interface and essential features, including document creation, document formatting, inserting tables, images, headers, and footers, etc.
- Participants were introduced to different page layout techniques with practical hands-on with resume building templates.
- Advanced functions of MS Word, such as mail merge, document protection, document review techniques, and document creation using built-in templates, were also discussed.
- Practice exercises on various topics were given and discussed during the session.

The workshop was a great success, equipping participants with essential MS Word skills. Participants expressed satisfaction and enthusiasm for more such training sessions in the future. The session was interactive, hands-on, and well-received by the participants.
