

Enactus Report 2018-19

1. Initiated Enactus, January 2018; Core Team Recruitment, February 2018; Research and Development, Project Planning:

Enactus was established in Shaheed Rajguru College on 19th January 2018. The core team was recruited the following month with an objective in mind; to build a better world. What followed was 8 months of tireless research about the societal evils, out of which was born Project Pehchaan.

2. Orientation Programme, September 2018:

Enactus Orientation 2018 was held on 3rd September, 2018. The team witnessed an overwhelming response to the proposed project, Pehchaan. The orientation marked the beginning of the Enactus journey in Shaheed Rajguru College by opening member applications to the students.

3. Member Recruitment, August 2018:

Receiving over 200 hundred applications, the students went through a rigorous selection process panned over a week. The core team witnessed unbridled enthusiasm and passion of the students who wanted to work towards the idea of a better world, and selected 40 of the brightest and compassionate minds to be a part of the team.

4. Project Pehchaan Inaugural, October 2018:

On 16th October, 2018 Enactus Shaheed Rajguru College, as an initiative of Project Pehchaan, hosted an outreach cum inaugural program. The program witnessed inspirational speeches by Ramkali Ji, head of BSS; Dr. Payal Mago, Principal of Shaheed Rajguru College followed by a heartfelt interaction between the students and the transgenders. The interactive session provided the students with an invaluable insight into the daily lives and struggles of the community. The speeches were a source of immense motivation for the students and the members of the community alike, to continue working towards achieving a common goal.

5. Skill Development Programme:

Another aspect of the project is; Skill Development. With 50+ participants from the community, we conduct skill enhancement workshops on a regular basis, treating the college premises as a training centre. In collaboration with experienced skill enhancers and professionals, we facilitate the overall growth and development of the community by exposing them to diverse skills ranging from Computer Technology to Stitching. Under Skill Enhancement sessions, the LGBTQIA+ community regularly learns basic and professional skills under various heads such as:

a) Academic Skills

As a University of Delhi certified course, the community is taught academic based skills such as; Computer Technology, and Written and Oral English.

b) Vocational Skills

To ensure well-rounded growth of the community, they are also taught employable skills under skilled professionals, which will open up new avenues of generating income for the community. These include; Food Processing, Personality Development, stitching, Makeup, Music and Yoga.

Taking pride in the work and effort put in by both Enactus and the community, 3 students performed a stunning yoga sequence during the Annual Sports Fest of the College.

6. Launch of Sehej:

Project Pehchaan endeavours to empower the LGBTQIA+ community by creating entrepreneurs under an organic, millet based food production and body-care social enterprise, Sehej. 2 members of the community are employed to cook, pack and deliver the cookies to our customers. To propagate sales and build customer base, Sehej set up stalls in Venkateshwara College, Literary Fest, Eco Fest and Karvaan, the Annual Cultural Fest of Shaheed Rajguru College.
